We have heard...that Child's Hospital Medical Center in Oakland is collecting the small red seals on the wrappers of paper towels, to provide "red wagons" for the small who are patients there. Thirty thousand seals are redeemable for a wagon.

Say Farewell To Albany High

Albany High School commencement exercises were held in the High School Gym, on Thursday evening, June 14, with 166 graduates receiving their diploma from Jack Rosano, president of the Albany Board of Education.

To the music of "Pomp and Circumstance," played by the Albany High School Band, the seniors filed into the gym and took their places, followed by the Invocation by Rabbi Paul Laderman, and the singing of two special musical selections by the High School Choir.

Class valedictorians, Darcy Grigsby, Linda Hiscox, Claudia Nausin and Deborah Smith, all spoke on: "Some Things Never Change, But Maybe They Should."

Following a musical selection by a flute trio, composed of Suzanne Bier, Anna Nakao and Claudia Nausin, the class president, Darlene Gardner, presented the senior class gift.

After receiving their diplomas, the graduates filed out of the gym, again to the martial air, "Pomp and Circumstance," to receive the congratulations of family and friends, and to depart for Forest Farms in Marin County, where their traditional All-Night Party took place.

Albany Medical Student Gets OK

George Sutherland of 818 Pomona Ave., Albany, has been accepted by the School of Medicine at the University of California, Davis, according to Dean of Student Affairs Dr. John R. Beljan.

George, son of Mr. and Mrs. John Sutherland, is one of the 100 students selected from over 2,500 applicants, to enter the school as a first-year medical student in September. He completed his undergraduate education in human genetics and nutrition at UC Berkeley.

The School of Medicine program requires 15 consecutive quarters of study, leading to the degree of Doctor of Medicine.

Following the awarding of this degree, students normally enter a one-year internship program and then a variable time of post-graduate training in some medical specialty. This means a total postgraduate program in medicine of from 8 to 10 years.

Council Plans To Study Home Occupation Permits

The Albany City Council will hold a workshop with members of the Planning and Zoning Commission, "to spell out more clearly the guidelines for Home Occupations," but the meeting will have to be postponed until after the Council finishes its budget hearings.

The workshop plans were made in response to a communication read at Monday's Council meeting, from Planning and Zoning Commission chairman, Sam Dows, who noted: "It is now evident that the Council has some concern for the intent of the (home occupation) Ordinance. These concerns are shared by the Commission."

Indicating that Home Occupations in Albany are getting out of hand, Councilman Joe Carlevaro mentioned one in the City which was reporting to be doing a \$75,000 to \$100,000 business yearly.

Mayor Lewis Howell noted that a good many of the home occupations had been "grandfathered in," but that the original ordinance was really meant for "hardship cases."

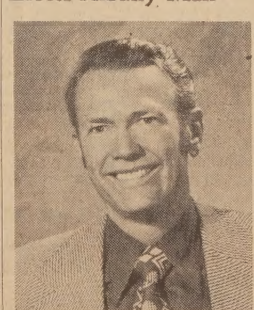

Other Council action at Monday night's short meeting included: the acceptance "with regret" of the resignation of Policewoman Judi Frakes; and the referring of the Preliminary Draft of the

Open Space Element of the Albany General Plan to the July 10 hearing before the Planning and Zoning Commission and a Council public hearing scheduled for July 16.

A request from J. William Marriot, chairman of Honor America, for July 4 to be proclaimed as a day to "Honor America," was approved. Three resolutions were introduced and adopted—73-51, appointing Horace Koepke as probationary captain and 73-52, appointing Michael D. Williams as probationary hoseman in the Albany Fire Department; and 73-53, appointing Mrs. Ruth V. Taylor of El Cerrito as part-time relief civilian clerk in the Albany Police Department.

Council members also concurred with Police Chief Ralph Jensen's recommendation concerning the alcoholic license request for "On Sale General," for the Albany Club, 1105 Solano Avenue. The request was to transfer the license to the name of Max Etingoff, Jr.

Fire Department's Monthly Activity

According to the Monthly Activity Report of the Albany Fire Department, there was an increase in the number of alarms responded to in the month of May, over that of the same period last year, but showed a marked decrease in property values endangered by fire and property losses.

Albany firemen responded to 64 fire alarms last month, with property endangered by these fires valued at \$65,900, with only an \$805 actual loss; while during the same period last year, property valued at \$90,150 was involved, with the actual loss of \$10,245.

Inhalator and ambulance calls were also on the increase this year, as were other emergency calls, such as: public assist, false alarms, smoke investigation, etc.

During the month of May, Fire Department employees also made a total of 73 miscellaneous inspections, including mercantile fire investigation, schools, hazard complaints, apartments, new construction and others.

New Maid Of Albany

Cheryl Ann Holstein, 18-year-old daughter of Mr. and Mrs. Francis Lopez of Albany, is the new Maid of Albany, and will represent the City in the Maid of Alameda County contest to be held at the Alameda County Fair next month.

The brown-haired, brown-eyed 1973 graduate of Albany High School was the first runner-up in last year's Maid of Albany contest, and is planning a professional actress and modeling career.

She loves meeting and working with people and loves outdoor sports, including horseback riding, girls' football, track and volleyball.

Cheryl, who hopes to enter San Francisco's A.C.T. school in the fall, is currently spending a few days in Southern California with other Maids of cities in Alameda County. The girls will make a tour of Disneyland, the Hollywood film studios and other tourist attractions, chaperoned by representatives of the Alameda County Fair. Her first official appearance will be made at the Chamber of Commerce Installation Dinner to be held on Thursday, June 28, at the Cerrito City Club.

Runner-up in this year's contest was Vivian Elaine Larks, daughter of Nat Larks of Albany, also a 1973 graduate of Albany High School, and also 18 years old.

Vivian, who will be employed at a Contra Costa County bank this summer, will enter Diablo Valley College in the fall to study art, drama and acting.

She was also chosen "Miss Congeniality" by the other contestants.

Note of Thanks

I would like to thank everyone who was responsible for and who attended a retirement dinner in my honor on Friday, June 15. It was an affair that both Shirley and I enjoyed and is something that we will remember with a great deal of nostalgia for the rest of our lives. It was great.

Although we will be leaving the City of Albany, it is with mixed emotions that we do so. I am a country boy at heart and am looking forward to living as such. However, we certainly will miss the many friends we have made here in the last 28 years, and are certain that we will have some fine visits from time to time as we "come down to town."

May Olson Collecting Discarded Eye Glasses

The Ellis-Olson Mortuary has, for the past eight years or so, been collecting discarded eye glasses for New Eyes for the Needy. To date over 10,000 pairs have been sent from Albany to Short Hills, New Jersey, where New Eyes is located. Many local people, organizations, Boy and Girl Scout troops, and others have collected the glasses. Ellis-Olson packs them and pays the postage charge.

The following is an excerpt of a letter Mrs. Olson received from Mrs. Thomas J. Swartz, Jr., president of New Eyes for the Needy.

"Because of you and the wonderful people of Albany we have been able to help nearly a million people all over the world to the better vision that they could not otherwise afford. Considering our continued growth, we are very proud of the fact that with all our volunteers, our overhead remains under 10 percent of our income. During the past year we received 989,000 pairs of discarded eyeglasses and hundreds of pounds of precious metal scraps for use in our work. Over 240 volunteers work many hours each week, sorting, acknowledging, etc. We are grateful for the wonderful support you have given us. The cost of new prescription glasses is increasing, and so is the request for our aid. We hope we shall never have to refuse a legitimate request for assistance as long as we have funds and glasses available."

The following facts explain New Eyes for the Needy. It is a non-profit, non-sectarian volunteer organization whose sole purpose is to help provide better vision for the poor the world over. What does New Eyes ask for? Never money! Income is derived from refining or redistribution of items useless to the donor. It solicits metal frames in any condition, unbroken plastic frames with lenses, non-prescription sunglasses, artificial eyes (brown only), cataract glasses, soft cases, precious metal scrap of any sort such as old watches, broken or out-dated jewelry (real, costume and antique), good or damaged silver dentures with bits of gold, platinum or silver, etc. They cannot use contact lenses, unframed or loose lenses or hard cases.

Metal framed glasses and precious metal scraps are sold to a refinery and the redeemed cash is used to purchase new prescription glasses and artificial eyes for the needy in the United States. Re-usable plastic framed glasses are classified and sent abroad to medical missions and hospitals.

for redistribution. Such have been sent to the Philippines, India, Africa, Central America, Taiwan, New Guinea, Thailand and Marshall Islands.

Nearly a million people have been helped by New Eyes for the Needy. Funds for the purchase of new prescription glasses, artificial eyes have been furnished in 79 hospitals and clinics in 29 states, the District of Columbia, Puerto Rico and Canada. Quotas of new glasses are guaranteed in 30 states. The of authorization cards to health and welfare departments makes it possible for New Eyes to pay for glasses in 30 states for screened patients to other private or public facilities available.

Mrs. Olson would like to see any discarded glasses or precious scrap metal, jewelry, etc. The Olson family box to New Eyes about four weeks. Bring in your discarded jewelry (discarded jewelry glasses) to the Ellis-Olson Mortuary, Albany, and help have better vision.

Jan Wright, AHS sophomore, who has practiced the drums for at least three hours a day for a while now, found that it really pays off—he took first place recently for high school and college drummers.

The Albany High music student names jazz as his favorite style for drumming. "It's the best style for drummers to

play, but it gives you more opportunity to move around the drum set. Most drummers are hung up on rock—but I think jazz really gives you a chance to show your ability," he said.

And to win first place in the state that ability must be pretty good!

Albany Fire Captain Ray Gonzales really blew it one day last week, when he dropped by his home unexpectedly during his normal working hours. It seems his children were planning a surprise wedding anniversary party for Ray and his wife, Olivia, a week ahead of time, because the couple would be in Palm Springs on June 19, while the Fire Cap-

tain attended a seminar on arson and fire investigation.

However, the party was a surprise for Olivia, who is now sporting a lovely diamond studded watch from Ray, while he is proudly showing off the beautiful diamond ring which now replaces the traditional wedding band he used to wear.

Betty and "Trapper" Gaunt of Albany took time off from their square dancing with the Buzzin' Cuzzins to visit son Conrad and his wife, Cathy, in Chowchilla, where Conrad is a history and physical ed teacher at Chowchilla Union High, and a very good one we hear.

We remember Conrad (or "Brownie" as he used to be called) when he was a member of our Cub Scout Den—and its leading "instigator." Nice to hear he has turned out to be such a fine young man—but then Betty and Trapper worked hard to make sure their four boys turned out right.

Seems like we're losing all our good employees at the Albany Post Office. Now it's genial Bob Carlson who'll be retiring as of June 29th, after 32 years with the Postal Service, including 13 as manager of the Albany branch. Being in charge of a Post Office is not much fun at any time, but nowadays it must be a real headache. Good luck on your retirement, Bob, we'll miss you.

While practicing with his team mates (Dale Niemela, Desi Lewis and Randy Felix), Joe Allee rolled 12 perfect strikes last week. The only comment Joe had to make was: "Well, I was thinking about retiring, but now I guess I'll stay a little longer." This makes Joe's sixth 300, but

IT'S THE TRUTH

There's very little harmony in the home when one person does all the harping.

THE GRIND

It is the aim of most people to get ahead, but today a person is lucky if he just catches up.

only two of them have been sanctioned. He also has had three 299 games to his credit—with one sanctioned.

Is what we hear true... that while hundreds gathered upstairs at His Lordship's Restaurant last Friday, to honor retiring Albany Police Chief Ralph Jensen (and among them many law enforcement officers from throughout the county), an enterprising robber was downstairs "doing his thing"???

Albany Soroptimist Club Names Scholarship Winners

Grace Dinsdale, chairman of the Soroptimist Club of Albany's Scholarship Committee, has announced the winners of the three scholarships offered annually by the Club.

The first two scholarships went to Albany High School seniors and the third to a former AHS graduate now attending college on the GI Bill.

Darcy Grigsby, daughter of Mrs. Nona Lee of Sonoma Ave. and Mike Armstrong, son of Mr. and Mrs. Tom Armstrong of Ramona Ave. each received a \$100 scholarship award at the Senior Awards Banquet held recently. Both students plan on entering the University of California at Berkeley in the fall. Darcy will major in physics and Mike plans to major in biology.

For the first time, the Soroptimists are awarding a scholarship to a former Albany High School student, David McCain, a Vietnam War veteran, former Marine sergeant, and son of Mrs. Paul Elsenius of Albany.

Dave entered the Marine Corps in February, 1966, and went on active duty in July of the same year, following his graduation from Albany High. He served with the Corps for four years and is now furthering his education with the help of the GI Bill.

He received his AA degree from Diablo Valley College last week, and will enter Sacramento State College in the fall to study for a BA degree in administration of justice.

Students receiving these schol-

arships are given the opportunity to reapply each year they continue in college, up to a period of four years. Renewing their 1972 scholarships this year are Nancy Pinkerton and Marco Meniketti.

LEGAL NOTICE

NOTICE TO PROPERTY OWNERS AND RESIDENTS IN THE VICINITY OF ALBANY HILL AND TO RECREATIONAL USERS OF ALBANY HILL OF PENDENCY OF CLASS ACTIONS AND NOTICE OF FINAL JUDGMENT ON STIPULATION OF PARTIES

Pursuant to Order of Court filed June 5, 1973, notice is given that there is pending in the Superior Court of the State of California, in and for the County of Alameda, consolidated civil actions entitled "Friends of Albany Hill, an unincorporated, non-profit association, Catherine Webb, individually and on behalf of a class of persons similarly situated, Plaintiffs and Petitioners, versus Albany City Council, Defendant and Respondent and Interstate General Development, Inc., a Delaware Corporation, Real Party in Interest," Civil No. 430458, and "California Public Interest Law Center, Inc.; Friends of Albany Hill, an unincorporated, non-profit association, Catherine Webb, individually and on behalf of a class of persons similarly situated, Plaintiffs and Petitioners, versus Albany City Council, Defendant and Respondent and Interstate General Development, Inc., a Delaware Corporation, Real Party in Interest," Civil No. 434257. The complaints in the consolidated actions were filed by the persons identified therein as plaintiffs seeking to enjoin defendants from proceeding with construction of a planned unit development on parts of Albany Hill pursuant to Conditional Use Permit No. 20 issued by the Albany City Council on November 13, 1972, on the primary grounds that environmental impact reports adopted by the City were insufficient and that certain areas of Albany Hill were subject to public easements or had been dedicated to public use; all as more fully appears in the complaints and in the Court's records and files of the above-noted consolidated actions.

A Final Judgment has been proposed as a fair settlement of all the issues raised by the complaints in said consolidated actions by stipulation of all parties in the form attached hereto as Exhibit A.

NOW, THEREFORE, take notice that the Court has tentatively approved entry of the said Final Judgment subject to consideration of any showing made why the Court should not enter said Final Judgment. If the Final Judgment is entered, all claims in the matter of the persons in the alleged class consisting of property owners and residents in the vicinity of Albany Hill and of recreational users of Albany Hill, other than those persons requesting exclusion, will be finally determined. The Court is considering entering said Final Judgment on July 6, 1973.

Take further notice, that:

(a) If you do not request exclusion from the alleged class in accordance with subparagraph (b) below, you will be included in said class and the Final Judgment, if entered or any other judgment whether favorable or not, will be binding on you.

(b) You will be excluded from the alleged class described above if you request such exclusion in writing, specifying the name of the consolidated action and stating your desire to be excluded from the alleged class and from any judgment on behalf of such

class. Such requests should be made to Clerk, Department 3, Alameda County Superior Court, 1225 Fallon Street, Oakland, California 94612, by first-class mail, postmarked not later than June 30, 1973, or delivered to the Clerk not later than 4 P.M., July 2, 1973.

(c) If you do not request exclusion from the alleged class but prefer to be represented by your own counsel rather than by Peter Blackman, counsel for plaintiff California Public Interest Law Center, Inc., the representative individual plaintiff Catherine Webb, the organizational plaintiff Friends of Albany Hill, and the class referred to above, you may enter an appearance by your counsel in Department 13, Alameda County Superior Court, 1225 Fallon Street, Oakland, California, not later than 4 P.M., July 2, 1973.

SHORT SUPPLY

Life's mystery will always be—how anything so scarce came to be called common sense.

Interstate, Inc. (hereinafter "Interstate") owns approximately 36 acres of Albany Hill upon which it proposes to develop a planned residential complex consisting of rental units and/or condominium units together with limited commercial development. Pursuant to Conditional Use Permit No. 20 issued by the Albany City Council on November 13, 1972, only 12 of the 36 acres will be used for buildings, the other 24 acres being committed to perpetual open space. According to its Site Master Plan submitted to the City of Albany, the development "consists of twenty-five hundred dwelling units, clustered in buildings from two to twenty-five stories in height, constructed on a landscaped community plaza. Utilizing a partial building plan—element concept—the buildings and enclosed parking facilities are constructed in the lower flat portions of the site along the frontage road."

A substantial portion of the area to be used for the development is a partially excavated portion at the lower, almost flat area of Albany Hill. The past excavation occurred when the site was used to provide fill for the development of Golden Gate Fields, a horse racing track situated across Interstate 80 from Albany Hill.

In order for the development to proceed, it was necessary for the developer to secure certain permits from and make certain commitments to the City of Albany. Extensive public hearings were held in regard to these matters and all interested citizenry in the surrounding metropolitan area were given numerous opportunities to be heard and, in fact, did present a wide variety of views during the course of such public hearings.

Interstate prepared extensive studies with respect to the project, examining in depth all the wide variety of problems connected therewith. The City of Albany caused to have prepared an Environmental Impact Report, and having in mind all of the environmental considerations approved the proposed development.

Said Conditional Use Permit No. 20 provides for 2,500 residential units of a condominium or rental nature, together with limited commercial development. One of the conditions of this Use Permit is a requirement that the property be rezoned as provided in Zoning Ordinance RZ-14, which ordinance was introduced at the Albany City Council meeting on November 20, 1972, finally adopted on November 27, 1972, and became effective thirty (30) days thereafter on December 27, 1972.

Interstate has agreed, concurrent with the issuance of the first construction permit, to deed to the City of Albany a two-acre parcel at the top of Albany Hill for an overlook park, and to pay the sum of \$600,000 for the acquisition by the City or of additional property adjacent to the two-acre parcel so that the overlook park can be expanded beyond the initial two-acre parcel.

On March 19, 1973, the Albany City Council granted to Interstate an excavation permit which allowed Interstate to begin excavation activities on 4 acres of the 12-acre development site, such excavation being in the flat area of Albany Hill that had formerly been excavated for fill for Golden Gate Fields. Interstate has commenced its excavation work pursuant to the excavation permit which was issued.

By stipulating to this Final Judgment, the defendants do not admit to nor has the Court made any determination that there is or has been violation of any law, rule or regulation.

Peter Blackman and Marx Elmer, as counsel for plaintiff Cal-

ifornia Public Interest Law Center, Inc., and Peter Blackman as counsel for all other plaintiffs, have declined any attorneys' fee in the matter. Plaintiffs have no other counsel entitled to fees. All costs of litigation shall be borne by the parties incurring them.

The findings in the Stipulated Order for Final Judgment and For Notice to Class of Final Judgment, entered herein on June 5, 1973, are adopted in this Final Judgment. The terms of the Order have been complied with and the declarations required therein have been filed. This Final Judgment shall fully resolve all issues raised by consolidated actions Nos. 430458 and 434257. All parties waive any right to appeal from this Final Judgment.

Therefore on stipulation of the parties and for good cause shown, it is hereby ORDERED, ADJUDGED and DECREED as follows:

1. Defendant Interstate shall:

(a) Concurrent with the issuance of the first construction permit, deed to the City of Albany for public park purposes, parcel B consisting of 4 acres as shown on that certain map filed herein on June 5, 1973, which map is entitled "Albany Hill Development Project" prepared by Wiley & Ham, dated May 9, 1973. In the event the City of Albany does not accept said deed within 60 days after delivery, Interstate shall dedicate said parcel B as permanent public open space. Either the deed or dedication is subject to a reservation by Interstate of a non-exclusive 60' wide easement running in an East-West direction along the northern boundary of said parcel B as shown on the Map. Said easement shall be used by Interstate and its successors and their invitees and licensees, as a surface or aerial transportation corridor. It shall not be used by private automobiles but is limited to being used as a corridor for transit facilities. Such transit facilities shall not be constructed in any manner which would cover or obstruct Cerrito creek shown on said map.

(b) Concurrent with the issuance of the first construction permit, deed to the City of Albany parcels C and D as shown on said map, which parcels constitute public access routes between parcel B and parcel A, the overlook park. In the event the City of Albany does not accept said deed within 60 days after delivery, Interstate shall dedicate said par-

els C and D for permanent public use as access routes between said parcels A and B. Interstate reserves the right of access to said parcels C and D as shown on said map.

(c) Reserve the right to fence any portion of its property including the private open space shown on said map.

(d) After completion of the first phase of its development of approximately 550 residential units and upon commencement of construction of additional residential units in the second phase of the development, pay to the City of El Cerrito \$50,000 when and if a contract is awarded by the City of El Cerrito for the widening of Central Avenue from the western boundary of El Cerrito to Carlson Avenue.

2. In the event the project is constructed in accordance with Conditional Use Permit No. 20 without substantial modification thereof, defendant Interstate shall:

(a) Not construct any buildings east of the line identified on said map as the "Building Line." All property east of said building line to the western boundaries of parcels A, B, C and D shall remain perpetual private open space for the benefit of the residents of the Albany Hill Development Project and subject only to those uses outlined in the Use Permit No. 20 granted by the City of Albany heretofore referred to save and except that Interstate shall be permitted, where necessary in conjunction with the construction to take place on the western side of said building line, to landscape any portion of said private open space parcel on the eastern side of the building line as is necessary to repair the construction site.

(b) Construct buildings to the west of said building line only on a net 12 acres of said property pursuant to the Use Permit. The remaining acreage shall remain private open space.

(c) Not excavate the bluff on the northwest portion of the property as identified on said map on the eastern side of the building line.

3. The Court further orders, adjudges and decrees, based on its findings, that the Environmental Impact Report for the Albany Hill development project which was prepared for and on behalf of the City of Albany and approved by the Albany City Council as the Environmental Impact Report for said project was and is adequate and sufficient in all respects and in full compli-

ance with all requirements of the California Environmental Impact Act as in effect on November 1972, and as amended by Senate Bill 1534, Chapter 1534, effective September 5, 1972.

4. The Court further orders judges and decrees, based on its findings, that the Conditional Use Permit No. 20 issued on November 13, 1972, and the additional conditions attached to it by the City of Albany in the Final Judgment and set forth in the Final Judgment with the fullest extent possible, and the environmental impact report issued by Albany Hill Development Project.

5. No public easements or dedication to public use shall be acquired by plaintiffs or by members of the alleged class, trails, bicycle paths, play hills or over any other portion of the property owned by Interstate General Development, Inc., on or in site commonly known as Albany Hill. Neither plaintiffs nor members of the alleged class have used freely for any purpose or uninterrupted time period of 5 years, the property owned by defendant Interstate General Development, Inc., near the site commonly known as Albany Hill and said property free and clear of any dedication to public use.

6. Any and all claims of action which the plaintiffs or members of the alleged class may have in the premises on account of alleged inadequacy or insufficiency of the Environmental Impact Report on account of public dedication and easement are merged in and by the Final Judgment.
